Instructions for Zoning Permit Application

Please be prepared to submit a scaled map/survey of property with this application. You will then be requested to indicate the location/dimensions of any proposed new structures. **(Note: If you shrink the copy of the original survey, you must identify the appropriate scale)**

Please be prepared to pay the required \$30.00 zoning permit fee upon submittal of the application.

All sections must be filled in or marked not applicable with an "N/A".

If obtaining a zoning permit for the construction of a house, building and floor plans **must be** submitted with this application.

Please provide either the exact street address and/or the block and lot designation. The Zoning Department can provide the ZONE classification.

Please provide the applicant's name, address and phone number. It is also recommended that contractors provide a phone number and contact person on application form.

Describe in detail the proposed use and/or square footage of any proposed structures, their location and intended use. For example: "16 X 10 ft. first floor, open deck" OR "200 sq. ft. inground pool with 3 ft. patio surround".

Submit a copy of site plan/property survey which shows the approximate location for all existing and proposed structures, septic and well, dimensions and heights. Setbacks from other buildings, lot lines and public right of ways must also be shown "to scale" on this plan.
