Public Comment

Old Business

Sustainable New Jersey

- A green team has been established. Ms. Zilberfarb reached out to Nancy Nicholoff and she will join the green team. A resolution will be sent to the Township Committee for approval.

Handed copies of information on criteria for sustainable NJ to determine the points that we have as a township. Discussed several areas with all members. Members have taken different areas of their knowledge and will report back to the commission next month on whether or not we have points within those areas.

New Business

- An email will be sent to Pat Fleno regarding her attendance at the meetings. Ms. Fleno has taken a new job and may be a conflict for timing of the meetings. Ms. Zilberfarb will send her an email.

Stormwater Management

- Received a memo from Brenda Kleber regarding brochures for Founders Day and putting the brochure in each tax bill in July. Donna Zilberfarb will take care of making the copies and getting them to Founders Day and to Donna Crouse for the tax bills.

Outside Boilers

- Alan DeCarolis asked the commission if they had any questions or concerns regarding outside boilers. Any that are presently in place will be grandfathered. Mr. DeCarolis asked if the commission had any concerns that they bring them to the Planning Board meeting on June 5th as the Planning Board is working on this.

Planning Board Report (A. DeCarolis)

- Highlands is on hold between the state and the planner
- COAH - received a grant for COAH. Our approved Plan stays in place if COAH goes away.
- Looking into the zoning on Route 94.

Open Space Report (M. Cullen)

- Joint meeting with Farmland Preservation
- Environmental Assessment was authorized for the Lee/Chang properties
- Ms. Randolph would like the grant application to get started.
