Thomas K. Charles, Mayor

Robin Randolph, Chairperson

February 6, 2008

Dear Mayor Charles and Committee Members,

The Open Space Advisory Committee would like to share with you its list of accomplishments for 2007. As you can see, this committee has worked hard to carry out its mission and recommendations as noted in the Open Space and Recreation Plan element of the Frelinghuysen Master Plan. The committee's activities have focused on educating the community, with the professional help of The Nature Conservancy, Morris Land Conservancy and ANJEC, about the importance of preservation and conservation. The extensive work to clear brush and invasive trees at the proposed recreation complex brought together the volunteer efforts of our residents, with members from several township committees, as well as the township's Road Department. We feel strongly that such community-building activities provide an opportunity for residents to unite, fostering a sense of shared ownership for a well-planned community.

We look forward to continuing implementation of the Open Space and Recreation Plan in the coming year.

Respectfully,

Robin Randolph
Open Space Advisory Committee
