

SUSSEX-WARREN AREA ENERGY COOPERATIVE

Dear Frelinghuysen Township Resident,

I am proud to write to you today to share the good news about the Sussex-Warren Area Energy Cooperative. Frelinghuysen Township has opted to participate in this state-authorized "Community Aggregation Program" designed to offer you and your neighbors reduced rates on your electric bill.

The bottom line is that when we all purchase energy together as a community, we are able to access lower, more stable rates.

Community Aggregation is very different than other third party supply contracts and offers protections to you that individual contracts may not offer:

A non-variable rate

The ability to leave the program at ANY TIME

NO penalties or fees to leave the program

The following pages contain important information explaining the Community Aggregation Program established by Frelinghuysen Township to provide lower electric generation rates than you would currently pay with JCP&L. We are pleased to offer this cost saving program for your electric bills!

We have scheduled a public information session about the program so that everyone can learn more and get their questions answered. Meetings will be held at 210 Main Street, Johnsonburg, New Jersey, 08725 on Tuesday, August 15, 2017, at 6:00 p.m.

We hope to see you at the session.

Sincerely,

Frank Desidero, Jr., Mayor
